Frontend Developer – Vue.js/Web Developer (m/f/d)

Are you interested in developing and significantly contributing to a new game title?

In the context of the new development of an innovative game in the field of simulation in connection with real maps, we are looking for a Frontend Developer - Vue.js/Web Developer (m/f/d) for the new core team.

Since the release of its MMOGs "Lords & Knights", "Medieval Kingdoms" and "Mission Chief", XYRALITY has been one of the most successful mobile games studios in Europe. Today, around 50 dedicated employees work on the sustainable further development of our game portfolio.

Join us in the development of an innovative new game project; this is a unique opportunity to be part of the process from the ground up, helping shape the game's look, feel, and interactivity. This role is predominantly based in our Hamburg office, with the option for some remote days subject to agreement. The position is available immediately.

Your responsibilities:

- Close collaboration with the project lead in planning and implementation

- Implement frontend components and features following ticket specifications

- Creation of a performant and visually appealing Vue.js-based frontend

Required skills & experience:

- Experience (min. 2 years) in developing web applications with Vue.js 2/3.

- Proficiency in TypeScript and JavaScript.

- Understanding of modern CSS techniques

- A passion for creating intuitive and interactive user interfaces.

- Ability to work independently, be self-motivated, and creatively solve challenging problems.

- Very good language skills in German and English, both oral and written.

Technology Stack:

- Vue.js 2/3, Typescript and Javascript, SCSS, Tailwind CSS, Webpack and Vite

At XYRALITY you can expect a challenging yet rewarding working atmosphere with responsible tasks, a fast decision-making process, and space for the implementation of your own ideas. If you share our passion for games and outstanding products and enjoy working in a dynamic environment, we look forward to receiving your application including your salary expectations.
